LIGHTING THE WAY

HALO RECESSED TRIMLESS

Construction

The Halo Recessed Trimless is designed to be recessed into ceilings. Available in 5 different sizes and a wide variety of RAL colours. It is the ideal option when lighting a large open space or simply wanting to create a stunning feature. The versatility of the aluminium body and LED technology used allows for inclusion of many control options including dimming, emergency options, wireless switching and scene-setting eBlue technology.

Typical Applications

General Office Areas, Conference Rooms, Reception Areas, Educational Facilities, Retail Units, Bars, Restaurants, Hotels and Leisure Facilities, and Residential Properties.

- Decorative recessed trimless LED luminaire
