

FLOE-LINE BESPOKE SHAPES AND CUSTOM LENGTHS

Construction

The Floe-Line sections are designed to let you create endless shapes of continuous light. Available as recessed, surface ceiling mounted or suspended using a single-point ceiling suspension with colour-matched ceiling roses, it creates an aesthetically astonishing lighting solution. The versatility of the aluminium body and LED technology used allows for inclusion of many control options, including dimming, emergency options, wireless switching and scene-setting Casambi technology.

Typical Applications

General Office Areas, Conference Rooms, Reception Areas, Educational Facilities, Shopping Malls, Retail Units, Bars, Restaurants, Hotels and Leisure Facilities, and Residential Properties.
