

LED STRIP TAPE PROFILES

Mount Lighting advise when using LED strip tape, you use suitable aluminium profiles with a diffuser for mandatory dissipation and even light distribution. Fixing the LED tape to the extrusion can create a finished look compared to the unboxed tape, especially when clearly visible. The profiles are not waterproof but can help prevent moisture ingress, for full protection, use IP67 tape and driver. **LED tapes and drivers are not included and can be ordered separately.**

17mm x 8mm Aluminium Profile

- // IP20
- // Surface mounting
- // Standard length 2m
- // 5-year warranty

Product Code	Dimension	Product Image
MLP002		
Accessories	Description	
EC002	17.2 x 8mm end cap	
MC002	Cap Fixing Clip	

24mm x 15mm Aluminium Profile

- // IP20
- // Recessed and surface mounting
- // Standard length 2m
- // 5-year warranty

Product Code	Dimension	Product Image
MLP044		
Accessories	Description	
EC044	23.5 x 15 mm end cap	
MC044	Cap Fixing Clip	

35mm x 35mm Aluminium Profile

- // IP20
- // Surface mounting
- // Standard length 2m
- // 5-year warranty

Product Code	Dimension	Product Image
MLP018		
Accessories	Description	
EC018	35 x 35 mm end cap	

Bendable LED Tape Extrusion

- // IP22
- // Surface mounting
- // Standard length 1m or 2m
- // Silver or white options
- // Maximum bend radius
- // 300mm
- // 5-year warranty

Product Code	Dimension	Product Image
MLP114		
Accessories	Description	
EC114	17.9 x 5.7 mm end cap	
MC114	Cap Fixing Clip	

LED STRIP TAPE PROFILES

Bendable Silicone Corner Profile

- // Maximum LED strip width 10mm
- // Standard 5m length
- // Maximum Power 10W/m

Product Code	Dimension	Product Image
SLP1616		
Accessories	Description	
EC1616	End cap	
MC1616	Metal Fixing Clip	

Bendable Recessed Trimless Profile

- // Maximum LED strip width 20mm
- // Standard 2m length
- // Maximum power 18W/m
- // Aluminium profile with silicone diffuser

Product Code	Dimension	Product Image
MLP215		
Accessories	Description	
EC215	23.5 x 15 mm end cap	

For optional features, please include the option code suffix with the product code when ordering.
