

MULTI-TRACK LV SYSTEM

Multi-Track Low Voltage Dual Circuit Lighting System

- // Extruded aluminium housing by Stucchi/EUTRAC
- // Black colour as standard, white available
- // Surface, suspended and plaster-in mounting options
- // DALI or Casambi compatible
- // 2 circuit option: 2 x +/- 15A / 0-60V dc
- // 1 circuit option: 1 x +/- 15A / 0-60V, with D+/D-
- // Non-magnetic - snap in fit system

Construction

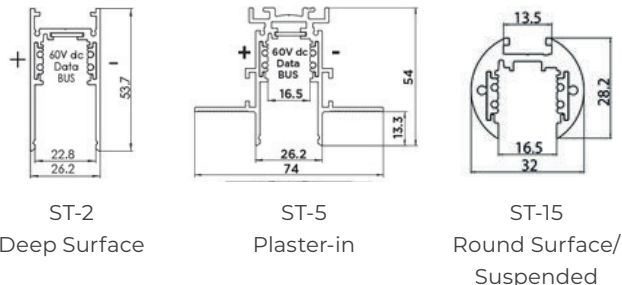

Our Multi-Track LV system is a highly customisable product with DALI options for mounting 48v LED luminaires. With a large range of accessories, this is the ideal solution for both accent and task lighting. The system can be installed directly onto ceilings and walls or suspended using the correct fixing method. Alternatively, a plaster-in solution offers optimal concealment.

There is a wide range of complementary spot and linear luminaires offering versatile lighting solutions.

Typical Applications

General Office Areas, Conference Rooms, Galleries, Libraries, Museums, Display Areas and Retail Units.

Size Options

Product Code	Description
