

## ARA

### Decorative Pendant

The Ara ceiling pendant features a metal shade with a built-in LED panel covered with an opalized shade that softens and diffuses the light. The pendant has a drop up to 3000mm with shades available in Copper, Beige, Black or Grey.

- // Metal shade with opal diffuser
- // In built 3K LED light force
- // Dimmable
- // IP20
- // Drop suspension of 3000mm
- // Available in Copper, Beige, Black or Grey

### Construction

The impact of the Ara pendant luminaire is major, and the industrial and stylish metal shade helps tie together beautiful interiors effortlessly. To further enhance this pendant, it is available in two sizes and comes with a 3000mm suspension drop that can be minimised by a qualified electrician during installation.

### Typical Applications

Commercial Office Interiors, Reception Areas, Tea Points, Bars, Restaurants and Hotels.
