

CPD SESSIONS

BEAMING WITH KNOWLEDGE

Book a CPD session for workplace enlightenment

1 **Wireless Mesh Lighting Control for the Future Workplace**

- Future workplace trends
- Wireless mesh concept & key features
- Control functionality
- Strategic benefits
- How wireless lighting can support workplace evolution

2 **General Workplace Lighting**

- The importance of light
- Evolution of workplace lighting
- Governing documents
- Lighting design
- Emergency lighting
- Control
- Sustainability

3 **Circadian Rhythm Lighting**

- How the human eye responds to light
- How luminaires can be more friendly to human physiology
- Industry standards, or the lack of
- Next steps

4 **Strata DI Blind & Lighting Control**

- Why lighting and blinds are rarely controlled together
- Why they should be, for the benefit of occupiers and landlords
- How they can be, using the Casambi platform

5 **Light Lunch™ (not a CPD)**

- Any lighting subject of your choice

Dive into dynamic demonstrations and engaging, open-table discussions exploring a wide range of lighting topics from - wireless lighting controls and technical design to circadian rhythms and sustainable lighting.

Our CPDs are designed to help you learn something new, refresh existing knowledge, sharpen your skills, or stay up to date with the latest industry developments. Each session includes a certificate to showcase your learning and support your professional development.

Choose your location: join us at our HQ in Bedfordshire, our Design Studio in the heart of Clerkenwell, London, one of our partner showrooms, or we can bring the session to a venue of your choice.

WHAT CAN YOU EXPECT FROM OUR CPDS?

A structured, engaging session focused on practical learning and professional development.

- Clear insight into current and emerging lighting topics
- Hands-on demonstrations that bring theory into practice
- Practical knowledge you can apply to real projects
- A focused one-hour session with time for discussion
- CPD certificates provided for all attendees

WHO ARE OUR CPDS FOR?

Our CPDs are suitable for individuals and practice teams seeking structured professional learning aligned with current lighting design, specification and industry best practice.

- Architects
- Interior designers
- Specifiers
- M&E consultants
- Design and construction professionals involved in lighting strategy and specification
