

M-LINE BESPOKE SHAPES & CUSTOM LENGTHS

M-LINE®

Construction

M-Line's sleek aluminium profile can be adapted to form many bespoke linear lengths and shaped designs. Corner sections are fully lit to enhance the visual impact that continuous lighting creates. Suspended and wall-mounted systems can be supplied to incorporate direct/indirect lighting options with dual switching available. The system can also be surface mounted or recessed in both ceilings and walls.

We are now sending out our M-Line products pre-flexed to make installation easy for you!

Typical Application

General Office Areas, Conference Rooms, Reception Areas, Educational Facilities, Hotels and Leisure Facilities, Residential Properties, Retail, Bars and Restaurants.

- // Aluminium extruded sections in 9 standard lengths and can be increased by 140mm increments
