- // Emergency and dimmable versions available
- // IP65
- // IK08
- // 4000K
- // CRI>80
- // 5-year warranty

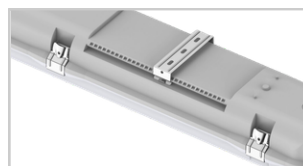

Construction

Our Endura 4, IP65 corrosion resistant LED batten light has been designed as an all-round weatherproof luminaire ideally suited to industrial applications. The luminaire base and opal diffuser are manufactured using high-grade impact resistant polycarbonate material.

We have designed the Endura with an easy fix mounting system, using stainless steel brackets for surface mounting or the hook set provided for suspension. This system design ensures the IP65 rating of the luminaire is maintained at all times.

As standard, the Endura utilises branded electronic control gear mounted on white powder-coated metal gear tray. Stainless steel clips are supplied as standard.

Movable installation bracket for easy fixing

Stainless Steel Clips

Preinstalled cable gland

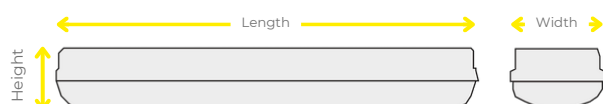

Rear cable entry also available

Typical Applications

Carparks, Warehouses, Cold Stores, Food processing Plants, Jet Wash Zones, Laboratories, Plant Rooms, External Canopies and Animal Housing Areas.
